

On Behalf of the Ultimate Ninja Athlete Association, we want to congratulate OSIARI for being part of the 2025 Humanitarian Games with the 1st Central Asian Ninja Championships. We are excited to be a part of this event and for the participants to be able to qualify for the UNAA World Final Championships held in the USA in July.

This event helps to promote the growing sport of ninja and obstacle competition to new levels and achieve the goals of worldwide recognition. We hope it is a spectacular competition and give our best to all those involved in promotion and organization of these events. UNAA is the official league of World Obstacle, the federation to meet the requirements for Olympic inclusion. World Obstacle is partnered with UIPM, the Olympic federation for Pentathlon Multisport.

Sincerely,

Bob Clark

CEO/President
